Night Masters Round 1 30 January 1999

[Note: there appears to be a glitch in times for this meeting. They all have either 99 or 00 as the first two decimal places of a second. It is highly likely that the doubles should be ignored, so that for example 6:25.9997 should be 6:25.97, and 1:03.0010 should be 1:03.10; etc.]
