This collection is **very** far from complete.  
 I have included, wherever I can, events I know took place,  
 even if I don't have the results. The missing results are marked n/a.

The pre-World War 2 results are from *The West Australian*.

Results are presented in chronological order. I haven't included page numbers in the Contents because  
 I am forever inserting new results which means manually redoing the page numbers.
